

Giuseppe Ricci was born in Naples, Italy, February 15, 1964. He received the Dr. degree and the Ph.D. degree, both in Electronic Engineering, from the University of Naples "Federico II" in 1990 and 1994, respectively. Since 1995 he has been with the University of Lecce first as an Assistant Professor of Telecommunications and, since 2002, as a Professor. His research interests are in the field of statistical signal processing with emphasis on radar processing and CDMA systems. More precisely, he has focused on high-resolution radar clutter modeling, detection of radar signals in Gaussian and non-Gaussian disturbance, oil spill detection from SAR data, track-before-detect algorithms fed by space-time radar data, multiuser detection in overlay CDMA systems, and blind multiuser detection. He has held visiting positions at the University of Colorado at Boulder (CO, USA) in 1997-1998 and in April/May 2001, at the Colorado State University (CO, USA) in July/September 2003 and March 2005, at Ensica (Toulouse, France) in March 2006, and at the University of Connecticut (Storrs CT, USA) in September 2008.
